

F. No. 10-3/2012-CIR.II  
Government of India  
Ministry of Agriculture  
(Department of Agriculture & Cooperation)  
Directorate of Plant Protection, Quarantine & Storage  
**CENTRAL INSECTICIDE BOARD AND REGISTRATION COMMITTEE**  
N.H.-IV, FARIDABAD-12 001

Dated: November 14, 2012

**PUBLIC NOTICE**

It has been brought to the notice by the Associations of Pesticide Industry that foreign countries are getting confused by the old Certificates of Registration issued on plain (white) paper and new ones issued on coloured paper and that a clarification needs to be issued in this regard. Accordingly, it is clarified that initially the Certificates of Registration were issued on plain paper for all categories. After Computerization in the year 2002, the Certificates of Registration are being issued on the coloured paper, which have the same sanctity and validity. It is also relevant to mention that the Certificates of Registration on coloured paper are being issued in following colours for different categories:-

1. Certificates issued under Section 9 (3) of the Act : BLUE;
2. Provisional Certificates issued under Section 9(3B) : YELLOW;
3. Certificates issued under Section 9 (4) : GREEN; and
4. Certificates issued for Export only : PINK.

For the sake of example, a Certificate of Registration, issued earlier on plain (white) paper for manufacture of Butachlor 50% EC under Section 9 (4) shall have the same sanctity and validity as a Certificate of the same product issued under Section 9 (4) on GREEN paper.
